

G G G G G A A T C C C C C

The image displays a DNA sequence logo for the sequence GGGGAATCCCC. The letters are arranged in a single row and are colored as follows: G (orange), G (orange), G (orange), G (orange), A (green), A (green), T (red), C (blue), C (blue), C (blue), C (blue). Below the letters are horizontal bars of corresponding colors, and above the letters are vertical bars of corresponding colors, representing the relative frequency of each nucleotide at each position.
